Background

Council resolved at the Special Council Meeting, 26th May 2020 to adopt the differential rates for advertising for the 2020/21 financial year. (CMRef 82561)

That Council:

- adopt for draft budget purposes the following differential rate in the dollar and minimum payments for Unimproved Value rated properties, subject to finalisation of the draft 2020/21 Budget and the establishment of the funding shortfall required from imposition of rates on Gross Rental Value rated properties:**

Unimproved Value	Minimum Rate	Rate in \$
UV1 – Rural	\$1,110.00	0.01930
UV2 – Urban Rural	\$1,110.00	0.03110
UV3 – Mining	\$200.00	0.03680
UV4 - Special Zone Wind Farm & Power Generation	\$1,110.00	0.03680
UV5 – Special Use Airstrip	\$1,110.00	0.03680

- 2. in accordance with Section 6.36 of the *Local Government Act 1995*, advertise its intention to levy differential rates on Unimproved Value properties for the 2020/21 Budget on council's website the availability of the Shire of Merredin's 2020/21 Differential Rating Objects and Reasons.**
CARRIED 9/o

Comment

A notice seeking submissions to the proposed differential rates for 2020/21 was placed on council's website as required. The closing date for submissions was the 3rd July 2020. No submissions have been received.

During finalisation of the draft budget and subsequent rates modelling, it was not necessary to adjust the rate in the dollar in all rate classes to conform to Section 6.33 (3) of the *Local Government Act 1995*.

In adopting the recommended model, Ministerial approval is not required as the differential rated properties are not more than double the non-differentially rated properties once the annual increase has been applied.

Local Government Act 1995

6.33. Differential general rates

- (1) *A local government may impose differential general rates according to any, or a combination, of the following characteristics —*
 - (a) *the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the Planning and Development Act 2005; or*
 - (b) *a purpose for which the land is held or used as determined by the local government; or*
 - (c) *whether or not the land is vacant land; or*
 - (d) *any other characteristic or combination of characteristics prescribed.*
- (2) *Regulations may —*
 - (a) *specify the characteristics under subsection (1) which a local government is to use; or*
 - (b) *limit the characteristics under subsection (1) which a local government is permitted to use.*
- (3) *In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.*

-
- (4) *If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.*
 - (5) *A differential general rate that a local government purported to impose under this Act before the Local Government Amendment Act 2009 section 39(1)(a) came into operation 1 is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.*

6.35. Minimum payment

- (1) *Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.*
 - (2) *A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.*
 - (3) *In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —*
 - (a) *50% of the total number of separately rated properties in the district; or*
 - (b) *50% of the number of properties in each category referred to in subsection (6),**on which a minimum payment is imposed.*
 - (4) *A minimum payment is not to be imposed on more than the prescribed percentage of —*
 - (a) *the number of separately rated properties in the district; or*
 - (b) *the number of properties in each category referred to in subsection (6),**unless the general minimum does not exceed the prescribed amount.*
 - (5) *If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and (4) for that land.*
 - (6) *For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —*
 - (a) *to land rated on gross rental value; and*
 - (b) *to land rated on unimproved value; and*
-
